

Friends of the Rogerson Clematis Collection

ADOPT-A-CLEMATIS APPLICATION

Your adoption of a clematis pays for all of the costs of the plant's care for one year, including replacement of the plant should the need arise. Foster clematis parents will receive monthly updates on the condition of their clematis, with immediate notification when their plant blooms. If the clematis is successfully propagated during the term of the adoption (normally, and not less than, one year), the adoptive parent is entitled to a specimen of their chosen clematis for their own garden. An adoption certificate will be mailed to you with a color photo of the clematis you are sponsoring.

If the adoptive parent is not a member of the Friends of the Rogerson Clematis Collection (FRCC), the first year of their adoption term will include a one year individual membership. *Please fill out one form for each type of clematis you wish to adopt, although you may write just one check for the combined amount.*

(Please Print)

Name _____

Mailing Address (please include country if outside the US)

E-mail Address

Is this adoption a gift? yes no

Name of clematis you wish to sponsor. Select from the list of potential adoptees at www.rogersonclematiscollection.org or a printed list presented to you by an FRCC volunteer. In some cases we only have one specimen of a clematis you may wish to adopt. Please list a second choice if possible.

First Choice _____

Second Choice _____

FRCC member adoption fee for one year \$50.00 Non-member \$75.00

Total enclosed \$ _____ US funds
